

BBSI Higher-Certificate Courses in Legal Studies, International & Commercial Law

BBSI runs a range of specialised courses at Certificate, Higher-Certificate and Diploma levels. These courses are available in different formats, either as foundations leading to a first degree at a UK university, as Pre-Masters leading to a Postgraduate degree in the UK, or for vocational purposes for those who wish to return to their countries with enhanced skills and knowledge. The BBSI scheduled courses in Law are available in these different formats as follows:

- * Certificate in Legal Studies, International & Commercial Law
- * **Higher-Certificate in Legal Studies, International & Commercial Law**
- * Diploma in Legal Studies, International & Commercial Law
- * University Foundation in Legal Studies, International & Commercial Law
- * Pre-Masters in Legal Studies, International & Commercial Law

The BBSI Higher-Certificate Course in Legal Studies, International & Commercial Law is of 24 weeks duration, and is carefully designed to enable students at an Upper-Intermediate level in English or above to study the concepts and acquire the communication skills required for a career related to law and the legal profession. The course comprises 30 lessons weekly, and is considered notionally at the National Qualifications Agency (NQA) Level 3 within the British Government's National Qualifications Framework. Students who therefore successfully complete the course will gain a BBSI Higher-Certificate in Legal Studies, International & Commercial Law and an NCFE award. In addition, both Study Options include the preparation for the University of Cambridge ESOL International Legal English Certificate (ILEC). Consequently, all students have the option to gain an external, professional qualification.

University of Cambridge ESOL International Legal English Certificate. The International Legal English Certificate (ILEC) is a University of Cambridge ESOL examination produced and assessed by Cambridge ESOL Examinations in collaboration with TransLegal, Europe's leading firm of lawyer-linguists. BBSI is an accredited ILEC Examination Centre. English is an essential tool for any lawyer working with international matters, and employers need to know that the legal staff they appoint have a sufficient level of English to be able to communicate with clients and professionals in other countries. At the same time, law students and newly-qualified lawyers need to be able to show employers that they have the required language skills. The ILEC examination allows candidates to demonstrate their skills, and therefore to increase their employability. It is based on realistic texts, tasks and topics of the kind legal practitioners might meet in their daily working lives. Preparation for the ILEC is included automatically within this BBSI study programme.

Additional English and Business English Qualifications. Students will develop competent legal English and professional communication skills. Moreover, in the supplementary English-language elements of the course, students can prepare for 2 of 3 different University of Cambridge ESOL[†] qualifications: the First Certificate in English (FCE), the Certificate in Advanced English (CAE), or the Business English Certificate (BEC). Alternatively, participants can opt to join our ongoing weekly English Language Workshop[‡] (ELW) at a language level to suit their needs.

Study Options. There are 2 study options for this course. For those students with a sound Upper-Intermediate level in English or above, we offer Study Option 1, which enables participants to develop their legal English and professional communication skills to a more advanced level of proficiency, while studying a more extensive range of specialised topics related to the legal profession and important aspects of law. † University of Cambridge ESOL Examinations

FCE (First Certificate in English)

FCE is an Upper-Intermediate level examination that indicates sufficient proficiency in English to be of practical use in clerical, secretarial and managerial jobs for example, or in the tourist industry, where contact with English speakers is required. FCE is also useful preparation for students working towards higher-level examinations, such as the CAE.

CAE (Certificate in Advanced English)

CAE is the second-highest level of Cambridge ESOL examination and is ideal for those who want to work or study abroad. A CAE certificate demonstrates language skills in a wide range of contexts. The examination is based on realistic tasks, and indicates the ability to use the language in practical situations, such as meetings and discussions.

BEC (Business English Certificate)

There are 3 levels of BEC examination: the BEC Preliminary, BEC Vantage and BEC Higher. All 3 examinations are ideal for students preparing for careers in the fields of international business and commerce, where a good knowledge of English is required to function effectively. BEC certificates are internationally recognised and demonstrate that the holder has acquired an appropriate standard of English in a professional context.

‡ English Language Workshop

The English Language Workshop is designed to provide general language support for those students who are studying a specialised course and who do not intend to prepare for a specific English language examination. The content of the Workshop includes extensive skills practice in professional areas of the language, which is useful for those who need to improve their ability to communicate effectively with others in a professional international environment, or who later decide to acquire a professional qualification.

** Examination fees for those seeking to undertake external examinations are not included in the BBSI course fees.*

The following higher-certificate courses are also available at BBSI:

Management & Business Administration
Marketing, Advertising & Public Relations
Finance & Financial Services
Hospitality Management & Tourism
Science, Technology, Computers & IT

BBSI courses are carefully designed and structured at different language levels to enable international students to develop all 4 English language skills simultaneously, while developing their professional communication skills and professional knowledge in academic, vocational or professional context, in the specialised subject of their choice. Students therefore have the flexibility to focus on either academic or vocational progression, depending on their personal training needs and particular learning objectives.
